

UNITED STATES NAVAL SEA CADET CORPS

45W368 Freedom Ct., Hampshire, IL 60140

25 FEB 13

As a regularly scheduled drill activity, my child has my permission to participate in the field trip to Division 9-1-1 training site at Naval Station Great Lakes, North Chicago, Illinois with the Aurora Division, USNSCC on 09 MAR 13. I understand that the cadets will be transported by such designated adult drivers as the Commanding Officer selects. I also understand that transport will be in personal vehicles, not government vehicles.

Cadets will depart from the Division Drill location on Sullivan Road, Aurora, Illinois promptly at 0700 on Saturday, 09 MAR 13 returning to the same location between 1600 and 1700. The cadets will call for rides when they are one hour away.

There will be an opportunity for the cadets to make a NEX call. If there are uniform items or spirit items they wish to purchase they should budget accordingly. The Aurora Division will be providing lunch in the mess so a sack lunch will not be necessary. The cadet can bring a bottle or two of water if desired.
